

We are increasing the limit for contactless payments with Edenred cards, without PIN you can pay up to 50 €

Today, safe and practical solutions are needed to make life easier. Edenred has the solution for you - contactless payments, which are currently the safest payment form, also providing a simple and convenient payment method. Now, with even more convenient limit without using a PIN code.

Change of amount of contactless payment - up to 50 € without PIN

From April 22, 2020, users of Edenred contactless cards will be able to make payments up to 50€ without the need to enter a PIN. Increasing the limit from 20€ to 50€ can help reduce the number of card payments that require to physically enter a PIN, as with a higher limit you can pay larger amount by contactless.

Choose security and comfort in one, with Edenred you can pay with mobile phone or smart watch

denred contactless cards can be used in all Edenred contractual facilities that have a contactless payment terminal or by SMS payments in facilities without a terminal. Even that, with Ticket Restaurant® card also via Apple Pay or Google Pay™, by mobile phone or smart watch, basically with no physical contact.
